

UNIFIED IN OUR MISSION

FAST FACTS 2024

Working together, Maybury Farm's employees, volunteers and, of course, our farm animals have continued to create a welcoming, fun and educational experience for our visitors. In fact, we were voted "The #1 Top Place to Take Kids" by *Metro Detroit's Kids Out and About* for the 2nd year running! We are extremely grateful and don't take the title lightly - we're working to keep our visitors engaged and delighted while fulfilling our mission.

EVENTS

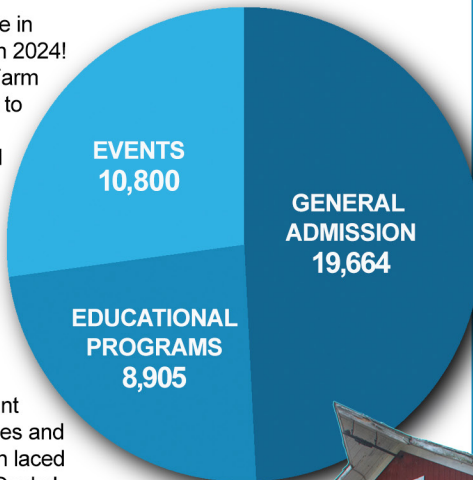

2024 was an eventful year! Our FUNdraising events continue to draw returning and new visitors to Maybury Farm. With our faithful friends continuing to attend, we were excited to expand our reach outside of the Northville Community, with more visitors from more distant, surrounding areas including Westland, Brighton, Ann Arbor, Bloomfield Hills and more! Events included our traditional favorites - Maple Syrup Tours, Farm Fest, the Great Fall Festival, Corn Maze and Holiday Fun & Santa Visits - there is something for everyone to enjoy while supporting Maybury Farm!

EDUCATION

Not to be outdone, our Education Programs saw an increase in program participation with almost 9,000 people taking part in 2024! Our popular Farm Camp sold out for the 6th year in a row! Farm Tours and WMG continued strong and StoryTime continues to draw visitors every Wednesday and Thursday with farm-themed stories and activities to keep little ones involved and active. Our education team developed new displays placed around the farm for everyone to enjoy while learning something new about farm life! Plus, our "story walk" around the pond continues to be updated monthly and our "little library" is always loaded with books to take home.

2024 Visitor Statistics
39,369 VISITORS

ANIMALS

In 2024, we added to our farm animal family including 2 Giant Flemish Rabbits, 7 Mini Nigerian Goats, 5 Jacob Sheep Ewes and 2 Jacob Sheep Rams, 16 Chickens (Silver laced and Golden laced Wyandottes, Light Brahma, Buff Orpington) and 9 Cayuga Ducks!

NEW DEVELOPMENTS

- Farm House roof was replaced. Its side porch was updated with new shingles, railings, floor leveling and paint
- Painting projects completed including parking lot lines
- A new monthly newsletter - "Down on the Farm" - was developed and debuted early in 2025.
- Freezer and microwave purchased for General Store
- Added flood and security lighting at parking lot
- Pasture walkways have been resurfaced
- Updated signage around the farm and pastures
- Garden revitalization was fully underway
- New Educational Displays
- Completed rabbit hutch, duck pen, chicken run and feeding trough updates
